RESEARCH INTERESTS

[Primary area, e.g. analog/mixed-signal IC design] · [Second area] · [Third area]

Specifically: [one or two sentences naming the actual problem you want to work on — the physics, the circuit, the algorithm. “Machine learning” is not a research interest; “learned digital pre-distortion for mmWave power amplifiers” is.]

EDUCATION

B.Sc. in Electrical and Electronic Engineering

[Month Year] – [Month Year]

Bangladesh University of Engineering and Technology (BUET)

Dhaka, Bangladesh

- **CGPA:** 3.XX / 4.00 · **Class Rank:** XX of XXX
- **Undergraduate Thesis:** “[Full thesis title]”
Supervisor: [Prof. Full Name], [Title], Dept. of EEE, BUET.
- **Selected Coursework:** Digital Signal Processing; Semiconductor Devices; VLSI Design; Random Signals and Noise; Control Systems; Electromagnetic Fields and Waves; Power Electronics; Communication Systems.
- **Relevant Graduate-Level / Self-Study:** [e.g. Convex Optimization (Stanford EE364A, audited); Analog IC Design (Razavi lecture series)].

RESEARCH EXPERIENCE

Research Assistant

[Month Year] – Present

[Lab / Group Name], Dept. of EEE, BUET · Advisor: [Prof. Name]

Dhaka, Bangladesh

- Designed / derived / implemented [the specific artifact], achieving [measured result] against [the baseline or ground truth you compared to].
- Second concrete contribution: [the hard technical problem you personally solved, not what the lab does in general].
- Validated results against [COMSOL / Cadence Spectre / measured hardware / published dataset]; [state the agreement, e.g. within X% across N cases].
- Manuscript in preparation for [target venue]; expected submission [Month Year].

Undergraduate Thesis Researcher

[Month Year] – [Month Year]

Dept. of EEE, BUET · Supervisor: [Prof. Name]

Dhaka, Bangladesh

- Investigated [the research question] using [method], addressing [the specific gap in prior work — name the limitation you were attacking].
- Key result: [what you found, quantified].
- Presented findings to [thesis committee / departmental seminar] of [XX] faculty and students.

[Research Intern / Project Collaborator]

[Month Year] – [Month Year]

[Institution or Group] · Advisor: [Name]

[City, Country]

- Contribution: [what you did and what it produced, quantified].

MANUSCRIPTS IN PREPARATION

Applicant's name underlined.

[M1] R. Arafat, [Co-author], and [Advisor]. “[Working title].” *In preparation for [IEEE Transactions on XXX / conference]; targeted submission [Month Year]*.

[M2] R. Arafat and [Advisor]. “[Working title].” *In preparation*.

RESEARCH COMPETITIONS AND TECHNICAL PROJECTS

[Competition Name] — [Placement, e.g. 1st of XXX teams] [Month Year]
[Organizer, e.g. IEEE Region 10 / national round] [Location]

- **Novel contribution:** [State plainly what had not been done before — the new topology, the new formulation, the constraint you removed.]
- Built [the system] using [stack/tools]; demonstrated [measured performance] under [the competition's constraints].
- Led a team of [X]; personally owned [your specific subsystem].

[Project Title] [Month Year]
[Course project / independent work] · Code

- What it does, what was technically hard, and the result: [quantified].

HONORS AND AWARDS

[University Merit Scholarship / Dean's List], BUET [Year]
[Award name], [awarding body] — [selectivity, e.g. XX of XXX recipients nationally] [Year]
[Competition award, if not already listed above] [Year]
[Board Scholarship, HSC/SSC — Talentpool or General] [Year]

TECHNICAL SKILLS

Programming	Python, MATLAB, C/C++, Verilog/SystemVerilog, [VHDL], [Bash]
Frameworks	PyTorch, NumPy/SciPy, scikit-learn, [Simulink]
EDA & Simulation	Cadence Virtuoso/Spectre, LTspice, [Synopsys], [COMSOL], [HFSS/ADS]
Hardware	[FPGA: Xilinx Vivado], [STM32/Arduino], oscilloscope and VNA measurement, PCB design [Altium/KiCad]
Other	LaTeX, Git, Linux, [Origin/Excel]

TEACHING AND MENTORING

[Undergraduate Teaching Assistant / Tutor] [Month Year] – [Month Year]
[Course name and code], Dept. of EEE, BUET Dhaka, Bangladesh

- Led [weekly lab sessions / tutorials] for [XX] students; graded [assignments/labs].
- Mentored [X] junior students on [topic]; [outcome, if any].

TEST SCORES

IELTS Academic: X.X overall (L X.X, R X.X, W X.X, S X.X) [Month Year]
TOEFL iBT: XXX (R XX, L XX, S XX, W XX) [Month Year]
GRE General: Q XXX (XX%), V XXX (XX%), AW X.X [Month Year]

PROFESSIONAL SERVICE AND MEMBERSHIPS

Student Member, IEEE [and IEEE XXX Society]	[Year] – Present
[Role], [IEEE BUET Student Branch / departmental society]	[Year] – [Year]
[Reviewer / volunteer role for a conference, if any]	[Year]
